

Pardon Our Noise!

May 16, 2014

Crews have started grinding concrete on I-84 between the Meridian and Eagle interchanges. This is part of the process of preparing I-84 for new pavement.

- The grinding work will be done at night. So four lanes can be kept open on I-84 during the day. This work is very noisy and we ask for your patience.
- The grinding work will not occur on Saturday night. **Work will resume on Sunday night and continue until Friday, May 23.**
- Please expect nighttime lane closures and speed-limit reductions. All lanes will be open during the day. **Nighttime work hours are from 10 p.m. to 5 a.m. during the week, and 10 p.m. to 7 a.m. on weekends.**

This work is part of a project to improve I-84 between Meridian and Five Mile. When construction is finished in late 2015, the outside lanes will be rebuilt and repaved. The inside lanes will be improved. In the median, the storm-drain system will be replaced.

We appreciate your patience during construction. Please don't hesitate to contact us with questions.
